WELCOME WEEK

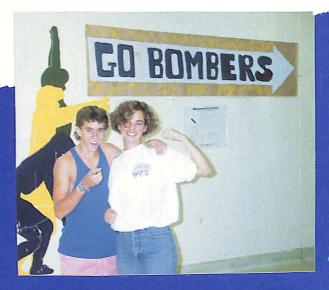

Welcome Week was fun, but embarrassing. We did things such as putting spoon with strings down our pants and shirts. We bowed to all the older students, that was fun. It was embarrassing when we had to act like animals and put paper bags over our heads. By going to Welcome Week, we felt that the older students had more respect for us.

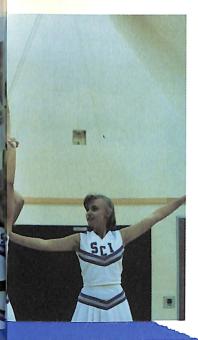

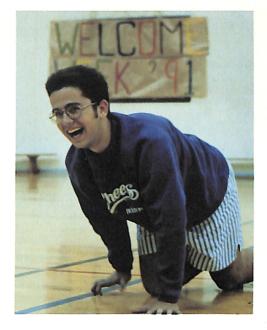

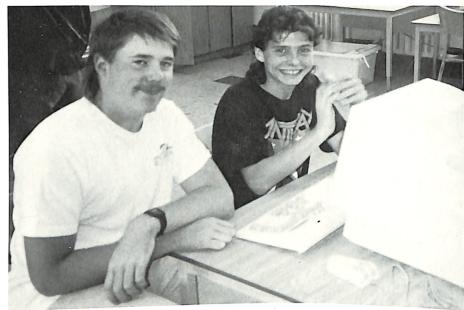

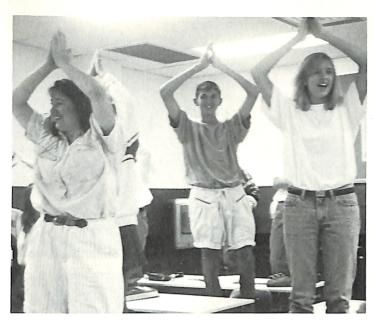

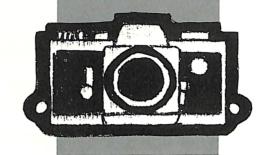

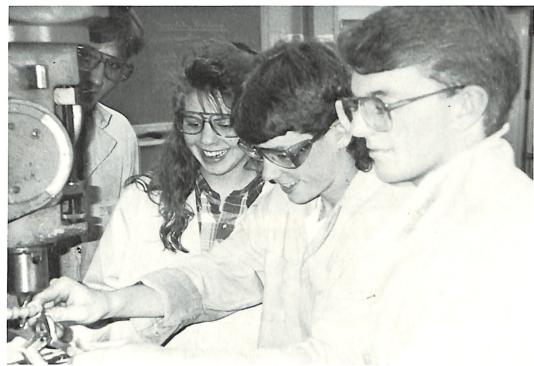

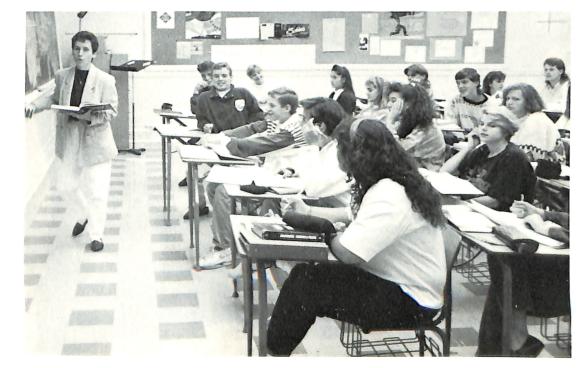

CLASSIC CANDIDS

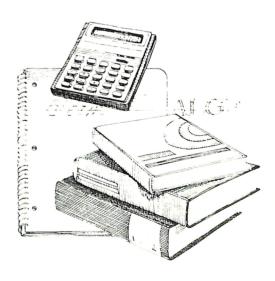

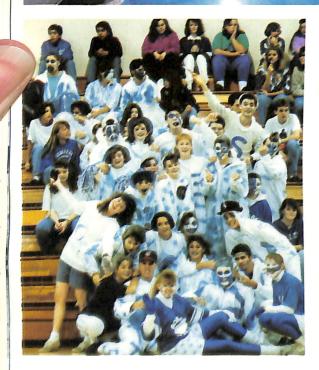

This year's homecoming was true blue. The S.C.I.&T.S. cheer-leaders and Sr. Football team helped raise the Bomber enthusiasm even higher with an exciting pep rally at lunch. Excitement continued as the S.C.I. spirit triumphed over the rainy weather as the blue and white pride paraded through the street. As the Bombers battled the St. Pat's Irish on the field, fans kept their spirits roaring in the stands. The homecoming dance, held in the school gym, topped off the day with a Blue Bomber bash that was beyond belief!!

S.C.I. & T.S. REVUE '92

S.C.I. & T.S. Revue '92 "One More Time" was a great show. Since this was my last year as director of the Revue and possibly my last Revue, it was a good one to leave on. The teamwork by students and staff was tremendous.

Looking over the many years of my association with the "Revue" I find I can only remember great times. The stress and strain times are mostly forgotten and/or replaced with the satisfaction that the thousands of kids with whom I was involved also, like me, had great times to enhance their memories of years spent at S.C.I. & T.S.

I thank everyone for their excellent co-operation and look forward to seeing the future SCITS Revue.

Mr. Gavin Hall

FRENCH EXCHANGE

Mrs. Sandoz, Genevieve Arcand, Tanya Buniak.

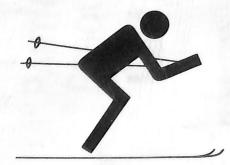

Hello, my name is Genevieve Arcand. I am 15 years old, but I will be 16 soon. I live in Quebec, in Shawinigan. My town is situated halfway between Montreal and Quebec. I have two brothers, one older and one younger.

Quebec and Ontario may be two provinces close in geography but there are many other differences between the two. When I arrived here in September, I not only had to live in a new home, but also go to a new school, a home and school completely different from mine in Quebec. To begin with, I had to find which grade I belonged in here because in Quebec our school system is in "secondaries". I finally discovered that my secondary 4 corresponds with your Grade 11. After that, there was your timetable for each day. You have the same subjects every day and you only have a two day system, whereas my schedule is in a seven day system. Each day has different subjects. Your classes are an hour and fifteen minutes long, but I have five one-hour classes. O Canada in the morning was also quite a surprise because I have never heard it played at school before in Quebec. In Quebec, we do not have Grade 7 (it is only for those who are not good) and to replace your Grade 12 and 13 we have what is called CEGED. Everyone must go here before going to university. Your sports are the same as at my school, volleyball, basketball, badminton, soccer, track and field but with the exception that we don't have football or cheerleading. When speaking of parties, my school does not have dances like SCITS because the students prefer to have house parties. We have parties every weekend.

Despite all the differences, I was very happy with my stay at SCITS. The teachers and my friends helped me a lot to learn English and to appreciate my exchange. And even though your football team did not win all the football games, I will always be a fan of the Blue Bombers.

Genevieve

FRENCH SKI TRIP

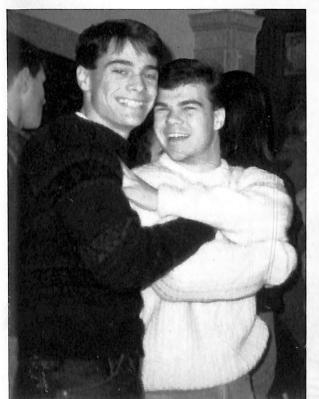

On February 19 to 23 sixteen French students took part in a five day ski trip to Quebec City. These SCITS students made their mark on the slopes of Stone-ham and on the dance floor. They skied every day and at night partook in outdoor activities, such as cross-country tobogganing, and snow-shoeing. Mr. Fray and I were very proud to have with us such a mature group of students. It made our job easier! It was great guys, Thanks! Buchanan gets scholarship

By JIM MILLER of The Observer

Throughout her high school career at SCITS, and even as early as her elementary school days at Bridgeview Public School, Marnie Buchanan built a reputation of being a tough, hard-nosed, basketball player.

Buchanan's efforts on the courts have been rewarded with a full, athletic scholarship to the University of Detroit where she will play next fall with the Lady Titans.

She will study human services with hopes of teaching special education from graduation.

cation upon graduation.

The Lady Titans have a new coach in Fred Proctor and appear to be a team of the future. This past season they placed fourth in their conference. The University of Detroit is rated among the top 15 academic schools in the United States and the campus is located in a beautiful part of the city.

Proctor first scouted Buchanan a few years ago at a major camp at Michigan State University and saw her as a player of the future. He later watched her in summer league play and liked what he

The SCITS team visited the campus recently with Buchanan and watched the Lady Titans play a league game.

Buchanan is six feet tall, although she insists she's only 5'11. She has always been an intimidating force on the courts.

"The coaches liked Marnie's physical size and stature," said SCITS' coach Rick McLellan, a guidance councillor at the school who helped Buchanan secure a scholarship

scholarship.

"He likes the fact that she can get in and be aggressive as well as go outside and shoot. She handles the ball well and versatility has always been one of Marnie's strengths."

For Buchanan, earning an American scholarship has been a big goal for her.

"I started thinking about it in my junior years in high school," explained the life-long Point Edward resident. "I'm grateful to Mr. McLellan plus all of my other coaches who've helped me. I started playing in Grade 4 and always enjoyed the competition. It

seems like a long time ago." The daughter of Bill and Mary-

Marnie Buchanan

ann, Buchanan's older sister Kelly starred at SCITS and is now one of the top players on the Mohawk College team.

College team.

"Kelly was the main reason why I wanted to play. She helped me out a lot. The only time I was ever able to play with her was in Grade 9. The senior team (at SCITS) won OFSAA and they went to Halifax and a few younger players were brought up."

Buchanan's previous accomplishments include landing on two provincial teams while this past year she was "silver carded" by the Ontario government as a handful of athletes in each sport are recognized as elite athletes and presented with a \$500 bursary.

Last year she helped lead SCITS to the OFSAA tournament, making the final eight. Unfortunately her high school season ended abruptly this year as the Bombers bowed out, unexpectedly, in the conference semi-final.

"I'm disappointed I had to watch, and not play, in the final. It's certainly a switch," she admits. I will miss it hers. We had good teams and everyone got along well. I'm anxious to get on to other things."

Her final accolade as a SCITS

Her final accolade as a SCITS player came when she was voted to the Lambton conference first all-star team.

When her playing days are over, Buchanan eventually hopes to coach.

Between now and September she will start for the SCITS' girls' volleyball team and once again expects to throw the shotput and discus for the track-and-field squad.

TODD PEPPER

1991 ATHLETE OF THE YEAR

Amiable, committed, dependable, and even herculean are words that can be used to describe the 1991 Sarnia-Lambion Gazette Athlete of the Year

He's 17, a student of Samia Collegiate Institute and Technical School, and one of the more gifted, well-rounded local athletes.

He's Todd Pepper, a force in baseball, hockey, football and basketball. He's a force not solely and has been blessed with good athletic ability. And he's got a super personality and attitude to go with it," remarks Hall, who also was the coach of the SCITS hockey club in '91 of which Pepper was also a leader.

By: Terry Doran

The past year also witnessed Pepper captain the Samia TNT Uniline midgets to the OMHA "AA" finals. Unfortunately, the

local club fell to Ajax in the best of five final, three games to two. In 1991 Pepper totalled 101 points for the midgets and was so instrumental in the team's success he was named its most valuable player.

While football takes up his time in the fall, hockey and basketball in the winter, baseball is his passion come summer time. The Sarnia Micor midgets were his club the past summer and in 32 games this southpaw put up some pretty impressive statistics. In 110 at bats he belted out 35 hits, walked 13 times and struck-out a mere five

the midget ball club. Prozorowicz also says what was most impressive about Pepper was that he always put the team ahead of himself.

He not only excelled at the plate, but in the field according to Prozorowicz. Pepper was used both as a center fielder, because of his excellent speed, and as a pitcher. "He was one of the fastest kids in the league. He also pitched well and was one of the smartest players we had," says

SCITS BLUE BOMBERS QB

because of an abundance of talent, which he does possess, but because of a great will to succeed and play to his potential each and every time he laces up his cleats, skates or high tons.

MICOR MIDGETS CF / F

1991 has been a stupendous year for Pepper. "Highlights this past year were being named cowinner of the Titen Real Estate award (Lambton Secondary Schools Athletic Association Sr. boys football most valuable player) and going to the OMHA (Ontario Minor Hockey Association) finals in hockey."

Being named co-MVP of

Being named co-MVP of LSSAA football is quite an honor, especially considering Pepper was the quarterback of a team that went winless in '91. The Blue Bombers finished the season at 0 and 6 and Pepper's backside saw more dirt than the entire LSSAA playing fraternity. He says being acknowledged in such a manner as the Titen award and being named Gazette Athlete of the Year "is a real honor".

"I'm very pleased he's your athlete of the year and I'm happy for Todd. He epitomizes what an athlete should be," says Gavin Hall, coach of the SCITS football team.

Hall says although his club was winless this past season the year would have been much harder to take without #21. He says SCITS was competitive in most games because of Pepper.

"I find him really, really coachable, just the most cooperative player you would like. He enjoys playing sports Prozorowicz. The coach says testament to Pepper's worth was his being summoned to play in the playoffs for the Sarnia juveniles. They reached the Ontario Baseball Association "AAA" finals, however, like his hockey team, the juvies fell short in reaching for the ultimate reward of competitive sports.

And it is the competition that

spurs Pepper to take part in so many sports. "I enjoy playing against and with people who want to play to their capabilities," he says.

Behind every success story are parents who have provided their son or daughter with the opportunities to participate, excel. The Pepper story is a prime example of this. His parents Robin and Pam have been behind Todd each and every year both financially and emotionally ever since he donned his first uniform. "My parents opened me up to a variety of sports when I was young and the fun of the games has encouraged me to

play."
What does the future have in store? Not even Pepper is sure. "I have no idea. I want a scholarship to the States, but I have another year to decide."

For now he will attempt to help his current midget hockey club (Energy and Chemical Workers Union Local 914) do as well if not better than last year's club. He will lead his SCITS basketball team in LSSAA play and prepare for another season of summer fun at Errol Russell Park

times. His batting average was a lofty .361. "He was the leader, everybody looked up to him," says Jan Prozorowicz, coach of

YEARBOOK

This year many new faces have joined the yearbook committee. We have added 20 more pages, a new colour to the cover and a brand new section entitled "STUDENT LIFE". This new section highlights all the fun events of the school year. We have tried to include more write ups about sports teams and clubs and more candid pictures. We hope this year's yearbook is the best yet!

The S.C.I. & T.S. BLUE KNIGHTS had a successful 1991-92 season making it all the way to the championship finals against L.C.C.V.I. The team had defeated St. Pat's in the semi-finals in convincing fashion so a victory against the first place LANCERS was possible. Unfortunately, the team's efforts came up just a little short so the KNIGHTS had to settle for second place. Individual honours went to Liam Dennahower who finished 2nd in the county in singles' action. Congratulations and thank you to all who participated in the Chess Club this year.

The 1991-92 school year was very busy for the SCITS Student Legislature. All members worked hard to provide entertaining activities for the students.

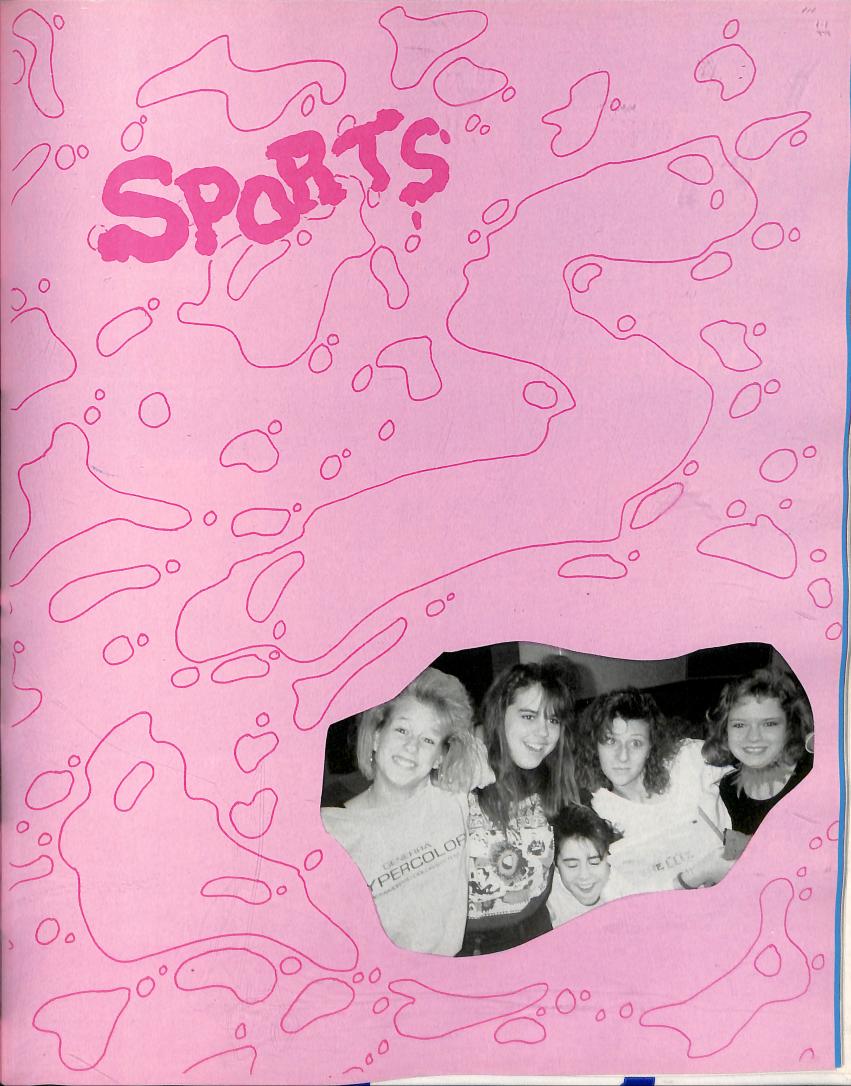

The year started off with Welcome Week and the Student Legislature participated in the assembly welcoming all students to SCITS. For Hallowe'en, we organized the school's first Haunted House which was a tremendous success. All the proceeds, \$300 and 100 canned goods, were donated to the Inn of the Good Shepherd. We also hosted a Hallowe'en dance with a costume contest.

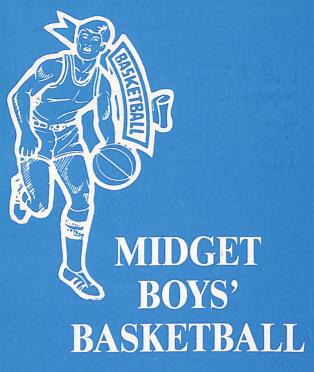

Members participated in both the Remembrance Day assembly and the Commencement ceremony in November. Christmas spirit was in the are during December due to the Legislature's Toy Drive, door decorating contest and carol sing. The week's festivities ended with our much anticipated Christmas assembly and talent show featuring our own SCITS students.

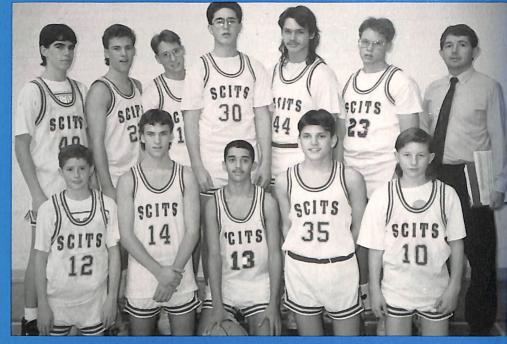

In February a Valentine's Day dance was held and the proceeds, \$150, were donated to the Hanna Breakfast program. In March, the Legislature was proud to present Norbet Georget, a motivational speaker on drinking and driving, to the students and other schools in Lambton County. To end the year, we organized a Scavenger Hunt and also the end of the year assembly.

We would like to thank the student body for all of their support and participation this year. You've made us proud to represent you.

What can one say about the Senior Girls' Volleyball team? One can definitely say that the players possessed great spirit, athletic ability and teamwork. The girls finished the regular season tied for first with Northern, with a 25-9 record. The Bomber pride came through. In the semi-final action against North Lambton, the girls executed really well and won the first two games 15-9 and 15-6 to advance to the finals. Due to some costly mental errors, the girls were unfortunately defeated 6-15 and 11-15 by the Northern Vikings. For the most part, the girls played a tough game and were proud to finish a respectable second place in the eight-team conference, as well as qualifying for WOSSA. London Saunders was the next competition for the senior girls' team in the best three out of five series. The Bombers lost three straight, 4-15,6-15 and 12-15. It was certainly an experience to compete against such a high calibre team — Saunders sports a 52-0 record for the 1991-92 season. An overall great season was had by all!

WRESTLING

What comes to mind when you think about the SCITS WRESTLING team? How about the word "CHAMPIONS"? If not you're about the only one who doesn't think so, because in the 1991-92 season SCITS won 5 major wrestling invitationals as well as LSSAA and WOSSA. This year the SCITS WRESTLING team continues to bring fear into the lives of coaches and the wrestlers in all of Ontario, by winning the LAMBTON COUNTY REFEREES' CLASSIC, COLLINGWOOD Invitational and the WOODSTOCK Invitational. But it doesn't stop there, the BOMBERS are predicted to win again, the LSSAA and WOSSA CHAMPIONSHIP titles. And finally, a few words from MAC "A WEEBLE WILL WOBBLE BUT IT WON'T FALL DOWN".

The Cross-Country team may have been small this year but it was a powerful team. Two of our runners qualified for L.S.S.A. Jason Fletcher came very close to enter W.O.S.S.A. We are proud of our S.C.I. & T.S. runners. See you next year!

MOTIVATIONAL SPEAKER MARK

SCHARENBROICH COMES TO SCITS

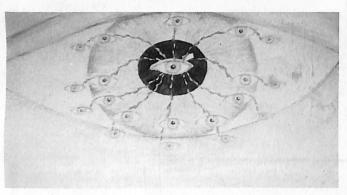

Mr. Papineau, Lauren Parr, Mark Scharenbroich speaks after his presentation.

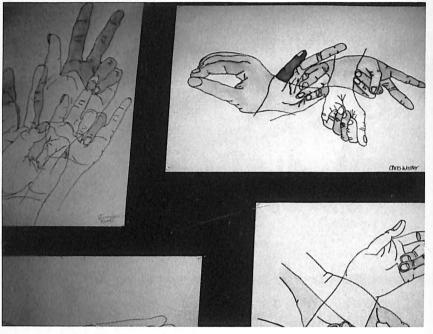

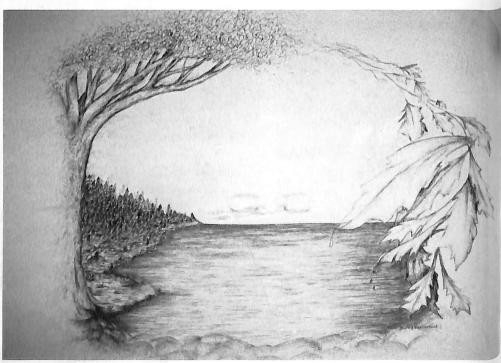

Untitled

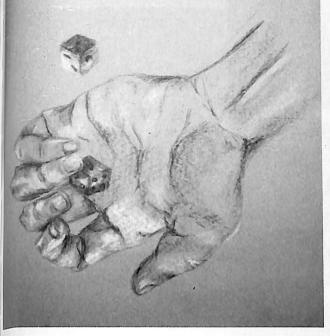

The faceless room houses
A brute smell; cigarettes,
And a boy waiting to be a man,
A man wanting to be a poet.
The boy looks to the waxed window,
A tiny spider has made a web;
The boy has a companion now
But still longs to be a man,
And the man to be a poet.
Desperately perceptive is the boy
Nothing in his sight goes unnoticed,
The overlapping shadows on the ceiling,
The bumps of the candle's waxy knolls,
Or the drumming of the rain on the
walls.

The boy lifts himself from thought And jots a verse down on a pad He frowns vaguely disgruntled Unsure of the fruits of his labour, How he wants to become a man, And how that man desires to be a poet. Like a lifting fog from the water He becomes more pleased; to a degree, With his scribbled tangle of words However a title alludes his grasp The poem will remain nameless for now, Another poem cries to be composed; The boy shall be a man, The man will become a poet, And the poet like his poems, Hopes someday to be named.

Robert Lawson

Crescent Moon Elves

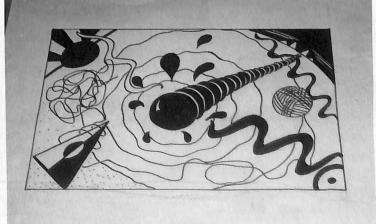

When a crescent moon appears Watch the grass sopped with dew; There they run one by one. Across the stones in the stream, Under the stones in the stream, Under the owl's whooting call, Along the field's furrow, Among the great corn stalks, Following, following the moon Until they reach the barn. The squeak of the door And in they gleefully file To begin their celebration. They kindle a hearty blaze To dance and sing about And then one by one They light a simmering torch And prance throughout the barn; Over the beams, across the stalls; A sparkling circus of merriment. However the morn fast approaches, The animals begin to wake

The animals begin to wake
And the farmer is soon to come,
So they part company with
laughter

And dash off through the woods Under the fading purple night.

TEACHERS IN ACTION

PRINCIPAL'S MESSAGE

An air of excitement always fills our halls when the yearbook arrives.

Staff and students alike, look forward to that first glimpse of this pictorial record of this past year's memorable moments.

Most students prefer to have a brief private time with their book to savour those personal memories recorded for history.

Then comes the excitement as the books are shared with friends and filled with well-wishes, signatures and "meaningful sayings".

This is a very special time for graduating seniors. There is a sudden realization of finality and hopefully accompanying this finality is "A fond remembrance of things past".

To all of you who are graduating, I sincerely hope that when you look at this book in the ensuing months you will say: "My years at S.C.I. and T.S. have been the best and happiest of my life — so far!"
